

HOW MUCH DID WE DO?

Despite disruptions brought on by the COVID-19 pandemic, First 5 Yolo **served 5,007 participants countywide**

Children 2,475 (49%)

Parents/Guardians 1,994 (40%)

363 (7%) Providers

175 (3%) Other Family Members

First 5 Yolo continued increasing services for prenatal-age 3, a critical time for early support
48% of children served were under 2 years old

Our Mission

First 5 Yolo will assist our community in raising children who are **healthy, safe, and ready to learn**. We will ensure that our resources are effectively used, and all community voices are heard.

What We Do

First 5 engages community partners to design, improve, advocate for, and fund critical services to support the needs of children and their families prenatally through age five by administering Proposition 10 (tobacco tax) and other funds.

First 5 helps build a coordinated system of care to achieve more equitable outcomes for young children and their families.

First 5 Yolo COVID-19 Response Activities

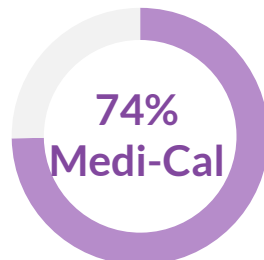

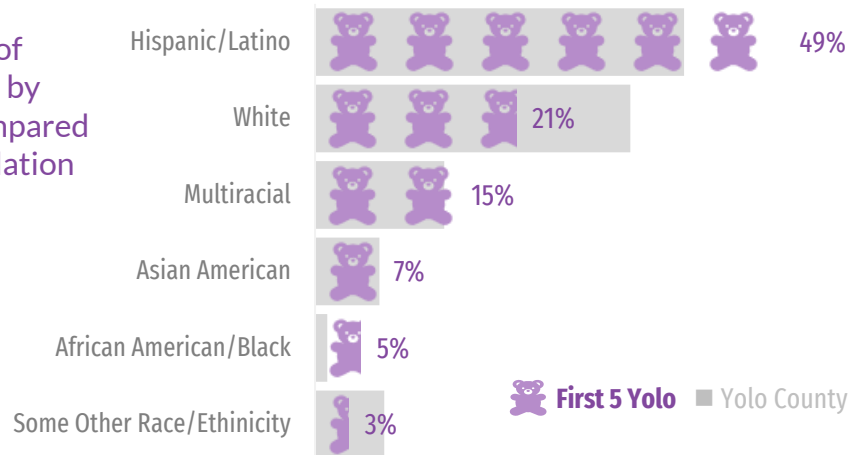

13,000 Cases of PPE and essential supplies distributed

1,000 Childcare providers vaccinated at clinics facilitated by First 5 Yolo

WHOM DID WE SERVE?

Race/ethnicity of children served by First 5 Yolo compared to county population averages

While 99% of children served had health insurance coverage, **a majority relied on Medi-Cal**

First 5 Yolo and Funded Partners focused on keeping children healthy, safe and connected

The following indicators represent the work from First 5 Funded Partners in Road to Resilience initiative (R2R) and the Yolo Crisis Nursery.

85% of children were up to date on immunizations

99% of families avoided the need for entry or re-entry into Child Welfare Services

100% of parents felt more socially connected

403 emergency childcare slots gave respite to families

First 5 Yolo Initiatives

The CHILD Project: Road To Resilience (R2R) is a coordinated system of evidence-informed home visiting and family navigation services to help connect families experiencing adversity during pregnancy and early infancy to needed health and social services and to provide children the best start in life.

88% of children enrolled in R2R home visiting received their last recommended well-child visit

100% of clients reported their home visitor worked with them on what mattered most to them

IMPACT2020 provides county-wide coordination to support an integrated Yolo Quality Counts California system including coaching coordination, county-wide trainings, and compliance with county and state QCC guidelines to improve the quality of early learning.

91% Family, Friend, Neighbor (FFN) Providers completed a Training Series

2,432 Activity Kits Distributed

9 FFN providers working towards licensure

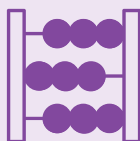

92% of FFN Providers achieved at least 1 Goal

Help Me Grow is a universal care-coordination system linking health and education systems for improved early identification, prevention and treatment of developmental, behavioral and psychosocial risks, so all children have the supports they need, when they need them and reach their optimal development.

868 Developmental screens completed

253 Developmental Playgroups were offered to the community (~105% increase from FY19-20)

15 Infant Mental Health Specialists Trained

Whole Child Whole Family

100% of caregivers reported increased knowledge of appropriate activities to facilitate their child's development

100% of caregivers reduced depression scores and improved functioning in daily activities

Systems Change: It's All About Relationships!

First 5 Yolo's three main initiatives (R2R, IMPACT 2020, and Help Me Grow) and other Funded Partners, address our four Strategic Priority Areas, all of which work together to support healthy children, ready to reach their optimal development.

Strategic Priority Areas (Supported by three main initiatives)

Improve Systems & Networks

Support and enhance a system of care that is coordinated, responsive, and delivered by effective providers.

Improve Child Safety

Support and strengthen parents, caregivers, and families to provide safe environments and relationships to allow children 0-5 to thrive.

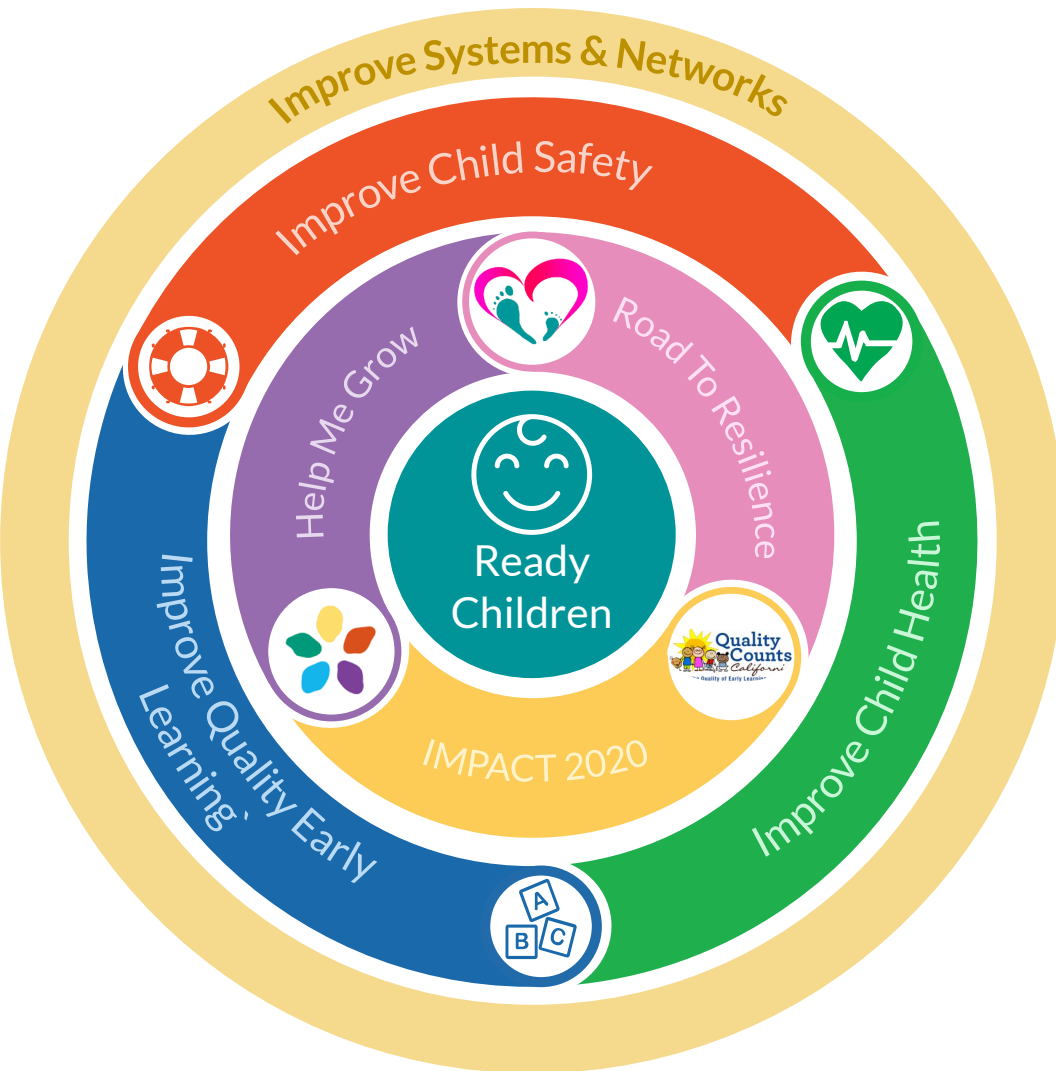

Improve Child Health

Provide prevention and early intervention so that children prenatal through 5 are supported in reaching their optimal developmental outcomes.

Improve Quality Early learning

Improve access and opportunity for quality early learning so that children enter kindergarten ready to learn.

Systems Change Makers: Family, Friend, and Neighbor (FFN) Providers help bridge gap in 0-2 early education.

"I have a little girl with special needs. I was vaccinated through the First 5 clinics and am happy to be able to better protect my daughter and the children I care for. I also enjoy being part of a nice group of moms and childcare providers, where I learned a lot about understanding a child's emotions, behavior, their different stages and how valuable it is to care for and know how to guide in the first years of life to create a good foundation for their future."

Mariela, FFN provider

Moving Forward First 5 Yolo will continue:

- Addressing systemic barriers to care
- Improving the quality of services for more equitable outcomes
- Bridging prenatal care to primary care with new Welcome Baby program
- Building provider capacity to promote nurturing care for children and families
